

# TRANSCENDANCE™

## PAYMENT RESOURCES

### Payment Resources:

The simplest resource we've found for scheduling Transcendance™ classes is through Book Like A Boss ([BookLikeABoss.com](https://BookLikeABoss.com)).

The site will let you create events for specific times and days, which your clients can then register for. You can create confirmation emails for each event. Those confirmation emails can have Zoom links so your clients can easily join you. We recommend creating a different Zoom link for each class, so that students don't re-use Zoom links.

Book Like A Boss integrates with [Stripe](#), [Square](#), or [PayPal](#) for taking payments. Stripe and Square are used for credit and debit cards. PayPal can accept payments from clients who prefer to use that service, and it can also take credit and debit card payments from clients who don't want to sign up for a PayPal account.

Book Like A Boss brings out new features every few months. We recommend getting familiar with the videos on the [Book Like A Boss YouTube channel](#), which is updated with new videos as the site rolls out new features.
